To promote the health, safety, convenience and general welfare of the Town of Hill, to secure efficiency and economy in the process of developing the Town and to keep it an attractive place in which to live and do business, the following ordinance is hereby enacted by the voters of said Town in special town meeting convened, in accordance with authority conferred by Chapter 31 of the 1955 laws of New Hampshire. Further to amend the ensuing ordinance by striking out all after the words Article and entering the following:

TOWN OF HILL
ZONING ORDINANCE

ARTICLE I

A. Preamble In pursuance of authority conferred by Chapter 31, Section 60-890, N.H. Revised Statutes Annotated, 1955, and as it may be amended and for the purpose of promoting the health, safety, and general welfare of the Town of Hill, New Hampshire, the following ordinance is hereby enacted by the voters of the Town of Hill, New Hampshire.

B. Title This ordinance shall I be known and may be cited as the "Town of Hill Zoning ordinance of 1973" hereinafter referred as "this ordinance."
Source: 1988 ZO. Effective 3/15/88

ARTICLE II

A. Districts For the purpose of this ordinance, the Town of Hill is divided into the following three (3) zoning districts hereinafter referred to as Village District (V), Rural Residential District (RR), and Commercial District (C).
Source: 1988 ZO. Effective 3/15/88
Amended 3/8/94

B. Zoning Map The zoning districts listed above shall be bounded as shown on the map entitled "Town of Hill Zoning Map of 1973" which map is attached hereto and made a part of this ordinance and is hereinafter referred to as the "Zoning Map."
Source: 1988 ZO. Effective 3/15/88

C. Boundaries Unless otherwise indicated, District boundaries as shown on the Zoning Map, are the centerlines of highways and streets, the middle of the channel of waterways or other bodies of water, or where such boundary is also a Town boundary then to the limits of Town Boundary. Where boundaries are so indicated that they parallel the centerline of highways or streets, such boundaries shall be interpreted as parallel thereto and at the distance there from as shown on the Zoning Map, distances shall be determined by use of the scale on the map.
Source: 1988 ZO. Effective 3/15/88

D. Wellhead Protection Overlay District In addition to the three districts set forth in Article II, A, there shall also be a Wellhead Protection Overlay District. The boundaries of this overlay district shall coincide with the boundaries of the Hill Waterworks Wellhead Protection Area as delineated by the State of New Hampshire pursuant to RSA 485 and 485-C. The map of this District shall be deemed an amendment to the Town of Hill Zoning Map of 1973 referred to in Article II, B.

Amended 3/13/01

ARTICLE III

Interpretation and Application

A. Interpretation In interpreting any provision of this ordinance, it shall be held as the minimum requirement, adopted for the promotion of the public health, safety or the general welfare. Whenever any requirement of this Ordinance is at a variance with regulations or ordinances, the most restrictive, or that imposing the highest standard, shall govern.

H. Barns & Paddocks:

The construction and use of barns or paddocks for the stabling of horses or other livestock is not permitted in the Village or Commercial Districts.

Amended 3/14/00

I. Outdoor Lighting:

1. Purpose: to maintain the rural and historic character of the town, reduce unsafe or annoying lighting conditions and ensure efficient use of lighting.
2. Applicability: All private outdoor lighting.
Exceptions: the following exceptions are permitted provided they do not create a safety hazard:
 - a. seasonal decorative lighting
 - b. temporary lighting for construction purposes
 - c. emergency lighting, as may be required by any public agency while engaged in the performance of their duties
 - d. lighting for the United States and State flag. The light source shall have a beam spread no greater than necessary to illuminate the flag and shall be fully shielded.
 - e. municipal street lighting
3. Standards:
 - a. All lighting shall be aimed, located, designed, fitted and maintained so as not to present a hazard to drivers or pedestrians by impairing their ability to safely traverse and so as not to create a nuisance by projecting or reflecting objectionable light onto a neighboring property.
 - b. Directional fixtures such as floodlights and spotlights shall be so shielded, installed and aimed that they do not project their output into the windows of neighboring residences or properties, adjacent uses, past the object being illuminated, skyward or onto a public roadway or pedestrian way.

4. Grandfathering of nonconforming luminaires

All luminaires lawfully in place prior to March 15, 2006 shall be grandfathered. However, any luminaire that replaces grandfathered luminaire, or any grandfathered luminaire that is moved, must meet the standards.

Amended 3/14/06

J. Steep Slopes:

A. Purpose: The purpose of the steep slope standard is to promote the public health, safety, and general welfare of the town; reduce harmful effects on lands and waters from erosion and stormwater runoff caused by improper or excessive construction, or by effluent from improperly sited sewage disposal systems; and preserve and maintain vegetative cover on steep slopes by controlling and guiding the use of land with slopes greater than 15%. Steep slopes combined with easily eroded soils, which are prevalent in the town, increase the risk of harmful effects from building activities. It is intended that the provision of this standard shall permit those uses of land which can be harmoniously, appropriately and safely located on steep slopes.

B. Definition and Applicability:

1. A steep slope is any area with a slope greater than 15%.

2. Applicability:

a. any use, development or structure situated on steeply sloped land.

b. any use, development or structure that is only accessible through steeply sloped land.

c. Exceptions:

1. any lot existing on March 15, 2006 that does not meet the minimum acreage or frontage is exempt only from the minimum acreage and frontage requirements of this standard.

2. lots or parcels that have sufficient area for construction of a single family dwelling, accessory buildings and septic system in addition to setbacks for yard and where the steeply sloped land will not be affected by development or construction. In addition, a 30 foot buffer zone is required between any structure and the steep slope area.

3. The zoning board will make the final determination whether the standards apply.

C. Uses Permitted:

1. Recreation: Steep slope areas may be used for recreation purposes; such as hiking, hunting, cross country skiing and others which do not alter the natural surface configuration or vegetative cover of the land.

2. Agriculture: Steep slope areas may be used for agricultural purposes which can be and are conducted in a manner consistent with optimum soil conservation practices.

3. Logging: Logging is permitted subject to the provisions of RSA 149, Section 8-a, minimize soil erosion or long-term damage to the area.

4. Development: Low density, single-family residential development is permitted if detailed on-site investigation determines that sewage disposal

systems and access roads can be constructed and maintained without having an adverse impact upon the ecology of the area. Development is subject to the following requirements:

- a. The minimum lot size is 6 acres.
- b. The minimum road frontage required is 400 feet.
- c. Before any construction or development is begun, the owner shall obtain approval for:
 - i. A plan indicating how the proposed development will adequately provide for stormwater runoff.
 - ii. A plan for maintenance and reclamation of vegetative cover. These plans must be approved by the Planning Board before any building permits can be issued. In addition, the Selectmen may require a performance bond to assure that the approved plans are implemented. These plans are to be recorded on the final plat and deed if a new plat is to be recorded.
- D. Reclamation: In all situations where construction or use has caused a disturbance of the natural terrain or vegetative cover, the site shall be restored as closely as feasible to the original condition by the owner and maintained until conditions are stabilized.

Amended 3/14/06

K. Home Occupations:

Any home occupation shall be permitted in all zones subject to the following conditions:

1. A home occupation is clearly an accessory use of the property. Home occupations shall include such uses as offices for an engineer, doctor, architect, lawyer or other recognized profession or for a real estate or insurance business. It shall also include such home occupations as hairdressing, dressmaking, manufacture of craft or food products for sale.
2. The home occupation is carried on by not more than four persons at least one of which shall be a resident of the property.
3. The home occupation shall be conducted only within the principal or accessory structure, and there shall be no commercial disruption of the residential appearance of the area.
4. A home occupation shall be allowed one sign in accordance with Article IV: General Provision: B. Signs.
5. Operations which are disruptive to or diminish the residential atmosphere of the neighborhood or that generate undue noise shall not be allowed.
6. Operations that cause interference with radio or television reception or that generate dust, smoke, fumes or bright light beyond the property line are not allowed.

7. A home occupation shall not display or create any evidence of the operation (ie: storage or display of materials or goods) outside the dwelling or accessory building, except for the permitted sign and vehicles (if reasonable: such as, but not limited to, cars, vans or small trucks).
8. No more than two home occupations shall be established on a lot at one time. However, the total number of persons, including residents, carrying on the home occupation(s) shall not exceed 4 per lot.
9. Home occupations shall not utilize more than a total of 1,000 square feet of the principal and/or accessory structure without special approval by the Planning Board provided that all other criteria are met and there is no detrimental effect on the character of the neighborhood.
10. Home occupations will be allowed upon submittal and approval of a Home Occupation Permit by the Town Planning Board.
11. Any home occupation, and associated structures, that existed on April 1, 2018 and that conform with the provisions of this Section do not need to obtain a permit. Any changes in use or structures of a pre-existing conforming home occupation after April 1, 2018 will require a permit.
12. Any home occupation, along with its associated structures, that does not conform with the provisions of this Section will be allowed to continue in its existing state as of April 1, 2018. Any changes in use or structures of a non-conforming home occupation after April 1, 2018 must obtain a permit and must be compliant with these regulations. Maintenance of structures or replacement of vehicles is allowed, but there will be no expansion or alteration of such structures, including signs and land dedicated to operations. Replacement vehicles must be of a similar type to the vehicle being replaced.

Amended 3/15/18

L. Junk Yards:

Junk Yard: No land in any zoning district shall be used for storage or disposal of junk, the accumulation of which is detrimental or injurious to the neighborhood or negatively affects the aesthetics of the neighborhood. However, registered automotive repair services may store a maximum of four (4) unregistered or inoperable motor vehicles not located in a permanent structure or behind fencing, screening or natural barrier that prevents visibility from adjoining properties or roadways, at their principal place of business.
