PUBLIC SESSION:

Paul Guild came in discuss the leak at 20 Shop Road that, as of 10/10/19, was still running. Lisa spoke with Linda Smith about the leak and she said that she has a broken pipe that needs to be repaired. Lisa will reach out to her to see what her plan is to get it repaired.

Gerry Desrochers reported that they fixed a leak on Rt. 3A across from Addison Drive. 41 Shop Road needs to have the shut off moved before they will approve the approval to operate. Gerry stated that the shut off was not installed properly. However, it has been corrected and is okay. Lisa mentioned to Gerry that there might be something going on at 3 Mountain View Drive because we haven't had much rain but there is a large puddle of water and it appears it is seeping water in the cracks of the pavement. Gerry said he would look into it.

Brian Connelly would like to invite John Tobin to speak on the School Funding Talking Points in New Hampshire schools. He would like to do it this fall and preferably on a Monday night. Dave Testerman would like to be invited to this meeting.

State Representative Dave Testerman is on a study committee for the tiny houses, which is the substance of HB312, because every town has a different set of rules. Representative Testerman stated tiny houses would be defined as being 200 sq. feet in size and state legislators are looking into tiny home parks which could consist of not more the 5-6 units, the lots size will not change, and they would be treated just like a mobile home. Which means they would have proper skirting, adequate stairs, etc. Representative Testerman also stated that these tiny houses are geared toward the millennials because they don't need much space.
