RE: Application for Special Exception submitted April 15<sup>th</sup>, 2021.

Dear Green Acre Woodlands, Inc.

12/07/2021

On October 14, 2021 the Board of Adjustment heard from parties regarding the site located at Tax Map R13 Lot 28 as suitable for its intended use related to the application for a special exception submitted to the ZBA on April 15<sup>th</sup>, 2021 for an Earth Excavation Permit pursuant to NH RSA 155 E 4. Taking into consideration all statements and findings as a result of the public hearings(s), after a considerable period for deliberations, the Board ruled after final deliberations on December 2<sup>nd</sup>, 2021 to deny your application on the grounds that the applicant failed to satisfy the requisite of Section III a), b), c) and d) as required under law. The minutes and the document incorporated by reference detail more concisely the areas GAW failed to satisfy the burden and outline the board's final reasons for denial. This concludes the ZBA's involvement with your application.

Best Regards,

Town of Hill Zoning Board of Adjustment

          /s/ Charles R. Estes
