### Discussion of improvements for next year's Budget Committee

- Meeting schedule needs to start 2-4 weeks earlier to accommodate State deadline for submission of Town MS-737 and School MS-27
- School Budget Review: set the policy that Preliminary School Budget review must be a School Board Approved budget, didn't occur until Final School Budget review this year
- This year's committee introduced a non-binding vote held at the end of each Department budget; recommendation is to continue that approach.

Paula McDonough moved to adjourn the meeting, seconded by Carol Asher; meeting adjourned at 8:30 p.m.
