

Fly Fishing Workshop Announcement

Hey spring is here. If you have ever wanted to learn the craft of Fly Fishing we will be presenting an introductory fly-casting workshop at the Hill Village Pond. Let's meet up at 6 pm on May 22nd and try out a new fishing skill. I am with the Outdoors Workshop at the Hill Village Bible Church and this event is free of charge. We will cover the three basic casting tactics and three of the most common knots to tie on leaders, tippet and flies. Then we will try our skills on the pond. Now the goal is not necessarily to catch fish this session but to learn the techniques and get comfortable getting the line out to the fishing hole and getting a strike. I will also try to cover additional gear and the generic flies used through the fishing season. We will have a break for snacks and discussion. The Outdoors Workshop puts on many Outdoor themed events throughout the year. Stay tuned. For this event Ages 12 and up for individuals or come as a family. And make sure you have a fishing license! Thursday May 22nd at the Hill Village Pond on Crescent Rd Hill, NH at 6 – 7:30 pm. Space is limited to our instructors so please Call or text Jeff 603-770-4386 to register.
